

URE-SEAL H₂O WARRANTY

Please read the Warranty and Terms of Service below. By hiring Paver Seal Tampa, you, the customer approves and agrees to Paver Seal Tampa's Terms and Conditions. You are entering into a legally binding contract for work to be completed at an agreed upon price under the conditions outlined below.

Paver Seal Tampa warrants stand-alone sealing service without maintenance or upkeep on all residential applications against defects in material failure such as cracking, peeling or turning white/yellow as follows: up to 3 years on residential warranties using Ure-Seal H₂O on concrete brick pavers. Paver Seal Tampa will repair all *manufacture's defective sealer*. Longevity, is typically around 12 - 36 months, will be determined by the amount of sealer that is absorbed into the substrate and becomes part of the structure. *(12 month with 2 coats of sealer and up to 36 months with 3 coats of sealer)*

Flagstone, Marble, Slate and any other natural stone the customer requires to be sealed with Ure-Seal is *not covered* by the warranty. Customers are responsible for material cost on all warranty work; however, we will provide labor and waive the trip charge for any warranty issues needing to be corrected.

IMPORTANT: WARRANTY IS VOID IF PREVIOUSLY SEALED. This warranty excludes damages caused by failure of any previous coating/ sealer, breakdown of substrate or damage caused by customer abuse, high traffic or neglect. Conditions of surface use are beyond Paver Seal Tampa's control. Take advantage of Upkeep Plans, regardless of previously being sealed.

Efflorescence is not covered by this warranty. Most manufacturers recommended that new stones wait/cure for *28 days*. Efflorescence remover can aid in the removal, but is not guaranteed to remove all blemishes prior to application of the sealer per Ure-Seal.

Maintenance Options: To maintain your paver system's integrity and sheen, Paver Seal Tampa **recommends annual Upkeep Maintenance**. We have two different options which can be found on our website at www.PaverSealTampa.com/Upkeep

Note: Take advantage of our Paver Upkeep plans, even if your pavers have been previously sealed. You will get the same discounts and longevity out of your sealing services from Paver Seal Tampa, in 95% of cases.

Warranty is subject to change at any time without notice as industry products and processes change. IT IS STRONGLY SUGGESTED that the customer print the current warranty and terms and conditions of service at the time of services rendered to ensure they receive proper coverage. This is the only warranty given by the warrantor. Last revision to warranty made 9/09/2022.

Daniel Bianco

BETTER THAN A WARRANTY

Enhance your investment. Enjoy set it and forget it exterior maintenance with our Paver Upkeep Plans.

Take advantage of six routine service calls for year-round clean surfaces, discounts on other exterior cleaning services and additional future coats of sealer. This offers a truly long-term solution to paver care and protection.

Our plans are an unbeatable value and will extend the longevity, durability and sheen indefinitely, and guaranteed your outdoor hardscapes remain clean and looking fantastic at all times.

Our Upkeep plans essentially extend the life of your warranty indefinitely and provide real maintenance service. Upkeep plans are designed to cost less than any other "give us a call" maintenance visit and gives you over 6 times the value.
